ABOUT TIGHT LINES FOR TROOPS

We are pleased to announce the 2022 Tight Lines for Troops Annual Fishing Tournament for Michigan Veterans!

Back in 2010, when Captain Bob Guenthardt shared his desire with his fishing friends to provide a fun day of fishing to say “thanks” to our military veterans for their service to our country they never dreamed the event would have such a profound effect on the thousands of men and women they have shared it with over the years. Memories shared, and memories made. Tears shed, and friendships forged. Strength, support, and camaraderie so strong between all who participated. For some the event has reconnected them to life and the living, and for others the day provides hope of a better tomorrow.

We have been humbled by these men and women, and honored to be able to provide this special day of thanks once again, after two long years of COVID disappointments and struggles.

Many of our participants will be return guests, though most each year are first timers and so excited to attend. Over 350 veterans attended in 2019, and those selected for 2020 look forward to finally being able to participate in 2022!

Though the fishing tournament itself is limited to only registered participants, our local community has embraced the event and the opportunity to thank our veterans themselves, and the Flag Welcome on the Riverwalk is certainly a testament to that. Each year supporters come from miles away to join in this Welcome Home procession, the only welcome home many of our veterans ever received. Be a part of the Celebration and join us for the Flag Welcome!

It is through the ongoing support of over 50 Boat Captains, a multitude of sponsors and financial donors, over 500 volunteers, and our businesses and citizens that we can make this event possible. Please help us continue to honor our military veterans by providing this special day of giving thanks. Every contribution matters.

Thank you.

Quotes from participants:

“This is the Welcome Home I never received. After all these years, I cried because I didn’t realize how much it meant to me. I was proud to take part.”

“My heart almost burst when we came up the harbor seeing all those people waving flags and saluting the Veterans. Tears streamed down my face uncontrollably.”

“My father has always wanted to fish the big lake but we could never afford to charter a boat. This was a great day for him and all the veterans...thank you from the bottom of my heart.”
